

- (1) Dimensions for the Cart's height in order for SEIT 500 to go under the Cart.
- (2) Min. Dimension for the clearance between cart and SEIT 500.
- (3) Dimension for the clearance between lift and guideway.
- (4) Dimensions for the clearance between reference geometry and the floor.
- (5) Min. Dimension for the reference geometry's length.
- (6) Min. Dimension for the reference geometry's width.
- (7) Max. Dimension for the length of the Cart's bottom part.
- (8) SEIT 500's width.
- (9) SEIT 500's length.

----- SEIT 500's height is 300 mm.
